Reaching Out to Help America's Police Survivors

July 27, 2006

Mr. John Doe
123 Blake Drive
Dutton, SC 45678

Dear John:

Concerns of Police Survivors takes pride in telling you that you have been awarded a COPS Scholarship in the amount of \$1,032 for the Fall 2006 semester. Congratulations!

The COPS Scholarship Program provides assistance only for tuition, fees, and books that are not paid for by any other scholarships or grants. A check is being sent to Alameda University as indicated on your scholarship application. Your school will be instructed to refund to COPS any amount not used for this semester's tuition, books or fees so that other law enforcement survivors will have access to the scholarship funds.

This scholarship is for one term only; you will need to submit a new application to be considered again. An application for the Spring 06 Semester is enclosed. **BE SURE TO USE THE CORRECT APPLICATION AND INCLUDE ALL REQUESTED SUPPLEMENTAL INFORMATION!** Each semester has a different deadline. As you know, the COPS Scholarship Program is capped at a lifetime benefit of \$12,000. Our records show that you have received \$5,677 before this award for the Fall Semester.

A fact sheet on the Public Safety Officers' Educational Assistance Program is enclosed. This is an excellent program for those who meet the stated requirements. We encourage you to contact the toll-free number on the back of the sheet immediately if you are not already in the program. These funds can help you achieve your educational goals.

Again, congratulations to you! We know your father would be extremely proud! Remember to send information about your graduation (when it occurs) for inclusion in the COPS newsletter.

Sincerely,

Terrie Merritt
Development Director
